

Oak Green School Curriculum Newsletter  
Little Owls & Eagle Owls  
Spring 1, 2026

Little Owls

This term has been very wet, but we have been learning all about nocturnal animals and their habitats. We have also been to the moon, we have travelled in our space ships and we walked on the moon, our bodies are very floaty on the moon. Of course we enjoyed spending time together with tea and biscuits.

Eagle Owls

This term we have been looking at the Funnybones and looking at the story of the 'dark dark town', which the children have loved! We have been immersing ourselves in our topic 'Dangerous Dinosaurs' and have been teaching the children about how they move and sounded.
