

Oak Green School Curriculum Newsletter

Year 1

Autumn 2, 2025

Art:

In Art this term the children have been learning about colour. They explored what happens when colours are mixed together and learnt about the colour wheel using primary and secondary colours. They then used this knowledge to create their own colours and paint different patterns which they really enjoyed.

Geography:

In Geography the children have covered a wide range of topics including learning about maps, different kinds of settlements and the four countries that create the UK. They also learned about the continents and oceans that make up the world and the different human and physical features all around us. They were excited to spot some of these on our local walk.

RE:

Abbey Owl has helped the children to learn and understand what gifts a Christian might have given Jesus if he was born here in Aylesbury. We have explored the concept of giving meaningful and special gifts to those we love through learning the Christian Christmas story.
