Year 2

Summer 1, 2026

Geography

This term year 2 have been learning about geographical features and physical processes within the coastal town of Whitby. We enjoyed learning about coastal erosion and drawing a diagram to show how this happens. We have also been looking at human and physical features of the coastline and we are looking forward to spotting these on our trip to the seaside.

Science

This term in science, we have been looking at animals including humans. We have studied many different life cycles and looked at the different stages of human development. We have just begun our caterpillar observation and are hoping to see them transform into butterflies!

R.E

This term Year 2 have been looking at what Shabbat means to Jewish people and how this is a special day of rest. We also learnt how Jewish people observe Shabbat, and how many of them go to the Synagogue on this day.
