Reception Owls

Summer 2, 2026

Writing

During summer term, we teachers have been incredibly proud to see the children forming sentences with confidence and even beginning to extend them using conjunctions. Inspired by the story *The Storm Whale*, the children wrote about how they would help save a whale's life. They also wrote about their favourite sports and the skills they excelled at during our recent Sports Day.

Maths

This term we have been diving deeper into positional language. The children have been developing their language to direct others with exact and accurate language.

WOW

Our children have been brilliant gardeners; they've taken great care to protect the flowers in our outdoor area and have kept them regularly watered in this hot weather. To wrap up their green-fingered work, they also wrote beautifully about the flowers in their garden.
