

Oak Green School Curriculum Newsletter

Year 1

Summer 2, 2026

Design & Technology: In DT, we have been investigating healthy food and where our food comes from. We have sorted food into plants and animal sources and used our knowledge to design our own healthy sandwiches. We enjoyed making our sandwiches and learning how to use kitchen equipment safely, including chopping vegetables.

In Maths this term the children have challenged themselves with learning '**Place Value to 100**'. They have enjoyed partitioning numbers into their 10s and 1s. We then explored '**Money**' and they were all very knowledgeable on recognising coins with some support to make amounts of money with the coins. Finally the children have explored '**Time**'. We learnt to recognise and make o'clock and half past times on the clock.

In English this term we have been writing a '**Hunting Narrative**' and a '**Recipe for a hungry wolf**' based on the book '**The Last Wolf**' by Mini Grey. The children have loved thinking of interesting items to go in their recipe and describing them with exciting adjectives.
