

Oak Green School Curriculum Newsletter
Year 4
Summer 2, 2026

In English, we have been reading 'Manfish' a story which follows the life of Jacques Cousteau- father of scuba diving and the inventor of the Aqua-Lung! The children have enjoyed writing invention narratives for a new piece of scuba diving equipment, as well as, Jacques Cousteau biographies.

In art, we have been looking at ancient Sumerian statues. The children had a go at creating their own Sumerian inspired sculptures using clay. They learnt different clay techniques such as joining, pinching and carving.

In computing, we have been learning how to code! Using the website Scratch we have been able to animate our names and create our very own click and disappear games. The children had a lovely time choosing the themes and creating their codes for their individual sprites.
