Oak Green School Curriculum Newsletter

Year 4

Autumn 1, 2026

In English, we have been reading 'The Whale' – we have written newspaper reports on a rare creature being spotted on a UK beach, as well as a story of a child who sees a whale at sea. The children have really impressed us with their story writing skills!	
	In history, we have been learning about the dramatic era of Anglo-Saxon and Viking invasions, tracing England's history all the way up to the historic Norman Conquest of 1066.
In design and technology, we have been looking at healthy snacks. We had fun learning about kitchen safety and then making yummy fruity popcorn with apples and creating our own packaging design.
