Dear Parents and Carers,

Our S4A After School Clubs are running at Oak Green Primary School throughout Autumn Term 2, offering children the opportunity to stay active, develop new skills and enjoy a range of exciting sporting activities after the school day.

We're excited to be offering three fantastic After School Clubs this half term, with Multi Sports and Football taking place throughout the week! From trying different sports and developing movement skills to improving football abilities and enjoying team games, our clubs provide children with plenty of opportunities to stay active, build confidence and enjoy time with friends.

Our KS1 Multi Sports Club will take place on Mondays, giving younger children the chance to explore a variety of sporting activities. On Wednesdays, our Year 3 & 4 Football Club provides opportunities for children to develop their football skills, while our Year 1 & 2 Football Club on Thursdays offers a fun introduction to the game for younger players.

At S4A, we want children to enjoy being active while developing their confidence, teamwork and sporting abilities. Our sessions are centred around participation and enjoyment, helping children build a positive relationship with physical activity, develop their skills and build positive relationships with others.
